

World University Rankings 2019

2019

The *Times Higher Education* World University Rankings 2019 includes more than 1,250 universities, making it our biggest international league table to date.

It is the only global university performance table to judge research-intensive universities across all of their core missions: teaching, research, knowledge transfer and international outlook. We use 13 carefully calibrated performance indicators to provide the most comprehensive and balanced comparisons, trusted by students, academics, university leaders, industry and governments.
